The Lightnings Kiss: Wylie Westerhouse Book 3

Organizations that have well-connected employees with high degrees of social capital and solid digital reputations report higher amounts of innovation and patent outputs, higher chances of survival, and higher earnings Krebs, The overt expression of individual feelings and the concomitant creation of a notable and possibly profitable digital reputation via blogging, twittering, facebooking, ranking and providing feedback are generally seen to be positive developments; not only have consumers been freed from the top-down directives of a promotional culture, the argument goes, they are now able to draw on the collective intelligence and affective relations of all the Average-Joes around. Ceilis as Storytelling Contexts 4.
